To The Wilcox County Voters Of District 3

I have been a resident of the 3rd District all of my life, except for the 9 years I was in college and hotel/restaurant management. I have a six year college specialist degree and have been involved in several small businesses. Currently I have a small herd of cows, own and operate some heavy equipment, as well as a machine shop. I have taught school for 30+ years (mostly math and vocational). I taught automotive and small engine lawn repair for 8 years. My experiences and education give me a wealth of knowledge for running an efficient and effective operation. I would like to be your county commissioner to help keep Wilcox County a great place to live and raise a family.

To The Citizens of the 5th Commissioner District of Wilcox County Please Re-elect Commissioner Lanier Keene

On May 22nd, an important decision will be made concerning the election of the Commissioner who will represent the 5th district of Wilcox County. At that time, the voters will decide if they like the progress the County has enjoyed or if they want to change the direction of the County.

I am asking you, for the sake of Wilcox County, to let's continue to move forward. The Commission has much they want to accomplish in the next four years and I want to do my part to see these things happen.

Wilcox County has many challenges ahead of them. Public safety in our County is top priority. At our meeting last night, Road Superintendent Adam Dowdy presented quotes for E911 markers for our residents. This will help emergency services to find homes of our citizens more quickly this giving valuable time that might save a life or a home. We continue to research possible solutions for the high fire ratings in the County costing all of us much higher insurance rates. We are trying to come up with a plan to place at least three fire stations in the County lowering the fire rating for the unincorporated areas of the County. We are aware of the incorrect mapping issues in our County and we are trying to get Google Maps, which most people use for deliveries and travel, corrected to agree with our County mapping.

The County Commissioners continue to try to find ways to improve equipment for all County departments. New equipment purchases had to be placed on hold while the County climbed their way out of the dark financial hole we were in at the close of our 2011 audit. We have completed this journey and we are currently seeing a little light of success. A lot of funding had to be spent on the Wilcox County Courthouse in order to preserve it and continue to use the office space. This project will be ongoing. The Courthouse was built in 1903, so it celebrated its 115th birthday this year. There is a lot of history that needs to be saved and the County needs the use of the building to continue as it is currently.

Again, I am asking you to call me if you have any concerns. My personal cell phone is 229-425-1942. I care about your issues and your input in county matters.

Please, remember me when you early vote and on ELECTION DAY May 22nd.

Thank you for continuing to support me.

To The Citizens Of Wilcox County District 5

Although I don't live in Wilcox County, I have known Lanier Keene all my life. The people who live in District five have a chance to keep things going in the right direction by **RE-ELECTING** Mr. Keene back into office. Now that there is a good Christian person named Alfonzo Hall, along with the other great folks that's in office - - Mr. Jawon Johnson and Mr. Clay Reid, who I think will all work with Mr. Keene to give District Five the best chance at **PROGRESS**.

I have heard the talk about why all the dirt roads in the county are not paved. Only a **complete idiot** can think **all** roads in the county will ever be paved...even in the next 150 years! Do the right thing and vote Mr. Lanier Keene back into office. The main purpose for this is for the benefit of **ALL** of Wilcox County.
